## **NOTE FROM THE EDITOR-IN-CHIEF**

Review of Education (RE) is the official flagship Journal of the Institute of Education (IE), University of Nigeria, Nsukka. Its aim is to give educational researchers, policy makers and practitioners a platform to vent their research findings, opinions and policy considerations in education and development. Review of Education Accepts and publishes empirical research articles and opinions in science, technology and mathematics education, arts and humanities, health and recreational education, vocational and technical education and training at all levels of the education system. The Review of Education is a critical platform for communicating educational innovations and reforms, necessary for meeting society's expectations from the education system.

In this 37<sup>th</sup> Volume of Review of Education, research articles and opinion papers have been published. These include articles on teacher education, learners' cognitive achievements relative to instructional strategies/pedagogies as well as expert opinions on policy issues in teacher production capacity development and deployment. This volume of Review of Education is a compendium for educational researchers, reviewers and all levels of stakeholders in teacher education and teacher development and capacity development.

While the Journal belongs to the Institute of Education, University of Nigeria, Nsukka, the Institute of Education does not necessarily share the views of the authors of the articles and papers published in it. The responsibility to ensure protection of copyright of sources cited in various articles in the Review of Education belongs to the authors. The Institute of Education would not get involved in any copyright infringement by the authors.

I therefore recommend the 37<sup>th</sup> Volume of Review of Education to all stakeholders in Education generally, and teacher education and professionalism in particular.
